

# **VCAT Nanotechnology Subcommittee Break-Out Agenda Administration Building 101, Employee Lounge**

**Paul Fleury, Subcommittee Chair**

## **1:30 – 2:30 Executive Session of Nanotechnology Subcommittee**

- Discussion of strategic issues:
  - Brief overview of NNI report - A Matter of Size by Paul Fleury
  - How the VCAT can help NIST identify future directions that will require a NIST response
  - Coordination among the NIST components
  - Strategic planning processes, etc

## **2:30 – 2:45 The Relationship between NIST and the National Nanotechnology Initiative**

- Michael Postek, Chief, Precision Engineering Division; NIST NSET representative.

## **2:45 – 3:45 Current NIST Nanotechnology Landscape by Representative NIST Leaders**

- Robert Celotta, Director, Center for Nanoscale Science and Technology [in depth on his morning's presentation]
- John Small, Group Leader, Surface and Microanalysis Science Division
- Michael Postek, Chief, Precision Engineering Division [responsible development of nanotech- NIST role]

## **3:45 – 5:00 Executive Session to prepare for next morning's readout.**
